### PROFILE

I'm Anas Ashraf Khan, a passionate front-end and back-end developer pursuing an HDSE Diploma at Aptech. I create responsive, user-friendly websites and applications, manage projects using Git and GitHub, and explore cloud computing to enhance my development skills. Focused on building efficient and scalable digital solutions.

### PROJECTS

#### AstroVerse — Responsive Astronomy Website

- Developed an interactive and responsive astronomy website inspired by Space.com. Designed with a clean layout and engaging visuals to enhance user experience.
- Tech: HTML, CSS, JavaScript

**Visit ↗** <https://ansskhan.github.io/My-e-project/>

#### Travel Smart — Travel Booking & Exploration Website

- Designed and developed a dynamic travel platform for exploring destinations and viewing tour packages. Focused on creating an intuitive user interface and responsive design for a seamless experience.
- Tech: HTML, CSS, JavaScript

**Visit ↗** <https://ansskhan.github.io/Travel-Smart/>

#### Portfolio Website — Personal Web Portfolio

- Developed a professional portfolio website to present my projects, skills, and achievements in web development. The site features a modern design, smooth navigation, and responsive layouts for all devices. Integrated JSON data handling to dynamically manage project details and content updates efficiently.
- Tech: HTML, CSS, JavaScript, JSON
